

ENGINEERED FOR TOUGH EMISSION CONTROL

3POL's Industrial ESPs are designed for heavy-duty air purification across manufacturing and industrial sectors. These systems eliminate smoke, dust, and mist particles, protecting both workers and the environment.

WHY CHOOSE US

PROVEN RELIABILITY | INDUSTRIAL GRADE |
IOT MONITORING | LOCAL SERVICE |
SUSTAINABLE MANUFACTURING

PRODUCT FEATURES

High Capacity
Up to 20,000 CMH airflow.

High Temp Tolerance
Operates up to 200°C.

Custom Engineering
Designed per industry need.

90% Efficiency
Reduces harmful particulates effectively.

Heavy-Duty Motor
1,000W blower ensures strong suction.

Auto Voltage Detection
12/24V, 45–80A supported.

OFFICE

Office G201 – G204, NSTP, NUST,
Sector H-12, Islamabad, Pakistan
